## Joe Powell

Sr Building Consultant

Memphis, TN

T +1 731 616 3070

E [JPowell@USBCG.com](mailto:JPowell@USBCG.com)

Mr. Powell is a Building Consultant and who has adjusted claims in all parts of the United States consisting of fire, egg farm, hail, wind, hurricane, vandalism, flood, and many other types of claims. He works directly with the insured and the insurance company in an ethical and professional way to make the claims process as painless as possible. He has also worked with engineers to determine the cause and origin of large losses. In addition, he has worked with the lead adjuster on appraisals from hurricane damage.

Mr. Powell has experience in the commercial and industrial buildings, and residential structures industries. His education consists of an Xactimate Seminar.

Mr. Powell's key strengths include the following:

- Hail Damage Assessment – Commercial and Residential
- Wind Damage Assessment – Commercial and Residential
- Mold/Air Quality
- Wood Structures
- Concrete Masonry
- Fires
- Catastrophe Response
- Residential Homes
- Windows
- Roofing
- Foundations
- Commercial Buildings
- EIFS (Exterior Insulating Finishing Systems)
